

When Autumn leaves begin to fall,
The cold air wind will chill us all!
What shall we do you see?

Grab some WITCHES BREW to share with you and me!
Here is a cauldron, worms, spiders and brew,
Pour in some hot water, you know what to do!
Stir, stir and stir some more,
Then grab a broom we are headed out the door!

When Autumn leaves begin to fall,
The cold air wind will chill us all!
